Introduction and purpose

The purpose of this policy is to minimise the disruption to CIOL Qualifications (CIOLQ) assessment delivery and to safeguard the interests of candidates while maintaining the integrity of the exam system, thus preventing any adverse effect.

In the event of major disruption to systems caused by widespread illness, travel disruption, bad weather or power failures CIOLQ may need to seek advice on recommended courses of action from official external agencies such as the police, Environment Agency or Health Protection Agency details of which are found within our internal Business Continuity Policy.

CIOLQ will take steps to minimise the occurrence or likelihood of an occurrence which could have an 'Adverse Effect' and an Event Notification will be submitted to Ofqual by the Responsible Officer.

Scope

For the purpose of the scenarios, stakeholders include candidates, teachers, exam venue staff, parents, carers, awarding organisation staff, couriers' staff and exam invigilators.

Please note that exam centre staff in these scenarios refer to members of staff who are administering assessments.

Priorities

The priority for CIOLQ when implementing contingencies will be to maintain these principles:

- Delivering assessments to published timetables
- Delivering results to published timetables
- Complying with regulatory requirements in relation to assessment, marking and standards
- Maintaining business as usual in the event of circumstances beyond our control.

If the usual CIOLQ contingencies are no longer sufficient to maintain these outcomes, an identified Crisis Management Team consisting of representatives of all organisations involved will be convened by Ofqual to agree the additional actions required.

In the event of a major disruption CIOLQ will:

- Follow the CIOL Business Continuity Plan
- Inform the affected staff and users of our qualifications by email and/or telephone, as appropriate, within one working day of notice of the disruption taking place
- Following identification of the disruption caused and the contingency measures being implemented, CIOLQ will document agreed actions and deadlines within five working days of the disruption
- Conduct a review of the outcomes of any actions taken, note lessons learned and the implications for any other policies and processes
- Communicate with users of our qualifications and our plan going forward should the disruption be longer term and sustained over a period of months.

Adverse Effects Committee (AEC)

To support this contingency policy and reduce the occurrence of Adverse Effects CIOLQ will operate an Adverse Effects Committee that meets weekly.

The committee consists of the Responsible Officer, Head of Qualifications and relevant Managers.

The committee review and discuss the incident Logs to identify any potential adverse effect that requires reporting to the Regulators. Each entry is risk-rated and actions agreed upon collectively by the Panel. This includes consideration of any external or internal impact and the communication required.

The Panel will seek to ensure that CIOLQ will consider whether an event:

- Poses a potential risk of occurring
- Increases the organisation's risk level

They will then convene to agree on the course of action through collective agreement and decide on whether there is a need to raise an event notification to the regulators.

Potential Adverse Effects caused internally or externally:

1. Error in CIOLQ assessment materials
2. Loss or theft of, or breach of confidentiality in assessment materials
3. Inability to supply assessment materials for a scheduled date
4. Failure in the delivery of an assessment which threatens Assessors/Examiners to differentiate accurately and consistently across levels of attainment
5. Unable to meet a published date for the issue of results and certificates
6. CIOLQ have issued incorrect results or certificates
7. Evidence of malpractice resulting in termination of Exam Centre approval
8. Major disruption to assessment conditions at the time of an exam
9. Candidates unable to sit for exams at the scheduled exam venue due to exceptional circumstances
10. Belief that there has been an incident of malpractice or maladministration, which could either invalidate the award of a qualification which it makes available
11. CIOLQ have increased costs significantly above the rate of inflation
12. CIOLQ are named as a party in a criminal or civil proceeding or subjected to a regulatory investigation or sanction by any professional, regulatory or government body
13. A Senior Officer is party to criminal proceedings or disqualification as a company director

Exam venue responsibilities

CIOLQ will expect all exam venues to have in place a robust Contingency Policy and plan, this will be subject to validation at any time whether during a quality visit or remote audit.

Excerpt from Joint Council for Qualifications (JCQ)

The examination contingency plan/examinations policy should cover all aspects of examination administration. It will allow senior leaders to implement a robust contingency plan, minimising risk to examination administration and any adverse impact on students, should the head of centre, relevant senior leader(s), examinations officer or any other key staff essential to the examination process be absent at a critical stage of the assessment cycle.

In order to reduce bureaucracy and burden for schools and colleges a particular format or template will not be specified. We believe that senior leaders within schools and colleges are best placed to determine their own examination contingency plan/examinations policy.

The Joint contingency plan for the examinations system in England, Wales and Northern Ireland, can be downloaded from the Gov.UK website and now has additions relating to Covid contingencies: <https://www.gov.uk/government/publications/exam-system-contingency-plan-england-wales-and-northern-ireland> is a good starting point.

It will provide a framework for senior leaders to build and shape a plan/policy in light of their local circumstances.

Scenarios

Below are specific scenarios set out in the JCQ Joint Contingency Plan <https://www.gov.uk/government/publications/exam-system-contingency-plan-england-wales-and-northern-ireland> in the event of widespread disruption to the examination system in England, Wales and Northern Ireland where contingency plans would be invoked.

The scenarios set out the way in which an examination would be planned and delivered, from issuing scripts to offering post-results services.

Contingency planning

Further comprehensive guidance on emergency and contingency planning can be found on .Gov

<https://www.gov.uk/government/publications/exam-system-contingency-plan-england-wales-and-northern-ireland/what-schools-and-colleges-should-do-if-exams-or-other-assessments-are-seriously-disrupted>

JCQ Scenarios

Each scenario sets out the following information:

- Criteria for implementation of the plan
- Recommended actions
- Further guidance

Disruption of teaching time in the weeks before an exam – centres are closed for an extended period

Criteria for implementation of the plan

- Centres are closed or candidates are unable to attend for an extended period during normal teaching or study-supported time, interrupting the provision of normal teaching and learning.

Recommended actions:

- where there is disruption to teaching time and students miss teaching and learning, it remains the responsibility of centres to prepare students, as usual, for examinations.

- In the case of modular courses, centres may advise candidates to sit examinations in an alternative series.
- centres should have plans in place to facilitate alternative methods of learning.

Guidance on emergency planning, with advice on severe weather is available at:

<https://www.gov.uk/government/publications/exam-system-contingency-plan-england-wales-and-northern-ireland/what-schools-and-colleges-should-do-if-exams-or-other-assessments-are-seriously-disrupted>

2. Disruption in the distribution of examination papers

Criteria for implementation of the plan

- disruption to the distribution of examination papers to centres in advance of examinations.

Recommended actions:

- awarding organisations to source alternative couriers for delivery of hardcopies.
- awarding organisations to change the timing of the distribution to earlier or later than originally scheduled
- awarding organisations to provide centres with electronic access to examination papers via a secure external network. Centres would need to ensure that copies are received, made and stored under secure conditions and should have plans in place to facilitate such an action. Awarding organisations would provide guidance on the conduct of examinations in such circumstances.
- as a last resort, and in close collaboration with centres and regulators, awarding organisations to consider scheduling of the examination on an alternative date.

3. Candidates unable to take examinations because of a crisis - centres remain open

Criteria for implementation of the plan

- candidates are unable to attend examination centres to take examinations as normal.

Recommended actions:

- centres to invoke centre contingency plan. **This must focus on options that enable candidates to take their examinations.**
- Information on what schools and colleges and other centres should do if exams or other assessments are seriously disrupted can be found here: <https://www.gov.uk/government/publications/exam-system-contingency-plan-england-wales-and-northern-ireland/what-schools-and-colleges-should-do-if-exams-or-other-assessments-are-seriously-disrupted>
- Awarding organisations will ensure that any applications for special considerations as a result of disruption will be reviewed across awarding organisations to ensure consistency of decision making

4. Centres are unable to open as normal during the examination period

Criteria for implementation of the plan

- centres unable to open as normal for scheduled examinations.

Recommended actions:

- centres to invoke centre contingency plan, **which must focus on options that enable candidates to take their examinations**. As part of their general planning for emergencies, centres should cover the impact on examinations. The responsibility for deciding whether it is safe for a centre to open lies with the head of centre. The head is responsible for taking advice or following instructions from relevant local or national agencies in deciding whether their centres is able to open.

Information on what schools and colleges and other centres should do if exams or other assessments are seriously disrupted can be found here:

- <https://www.gov.uk/government/publications/exam-system-contingency-plan- england-wales-and-northern-ireland/what-schools-and-colleges-should-do-if- exams-or-other-assessments-are-seriously-disrupted>
- Awarding organisations will ensure that any applications for special considerations as a result of disruption will be reviewed across awarding organisations to ensure consistency of decision making

5. Disruption to transporting completed examination papers

Criteria for implementation of the plan

- delay in normal collection arrangements for completed examination scripts/assessment evidence.

Recommended actions:

- where examinations are part of the national ‘yellow label’ service or where awarding organisations arrange collections, centres should seek advice from awarding organisations and should not make their own arrangements for transportation unless told to do so by the awarding organisation.
- for any examinations where centres make their own arrangements for transportation, centres should investigate alternative dispatch options that comply with the requirements detailed in the JCQ Instructions for Conducting Examinations.
- centres to ensure secure storage of completed examination papers until collection.

6. Assessment evidence is not available to be marked

Criteria for implementation of the plan

- large scale damage to or destruction of completed examination scripts/assessment evidence before it can be marked
- completed examination scripts/assessment evidence does not reach awarding organisations

Recommended actions

- awarding organisations to generate candidate marks for affected assessments based on other appropriate evidence of candidate achievement as defined by the awarding organisations
- where marks cannot be generated by awarding organisations candidates may need to retake affected assessment in a subsequent assessment series.

7. Disruption to the scanning process – where completed examination papers are being scanned in preparation for on-screen marking

Criteria for implementation of plan

- scanning process disrupted beyond acceptable levels resulting in a risk to the delivery of results by scheduled dates.

Recommended actions:

- awarding organisations to implement their existing contingency plans for disruption to on-screen marking process
- awarding organisations to revert to alternatives form of marking
- prioritisation of scanning to be based on results dates.

8. Markers unable to mark examination papers according to marking schedules

Criteria for implementation of plan

- markers are unable to mark examination papers resulting in a risk to the delivery of results by scheduled dates.

Recommended actions:

- awarding organisations to re-allocate scripts to available markers
- awarding organisations to recruit, train or re-standardise qualified additional markers
- awarding organisations to consider the proportion of marking required to be completed for grade boundary setting
- prioritisation of marking to be based on results dates.

Difficulty in meeting results schedule

Criteria for implementation of plan

- significant inability to meet schedule for publication of results.

Recommended actions:

- awarding organisations must notify the regulators of any such instance
- awarding organisations to establish priorities for results processing
- awarding organisations to implement existing contingency plans for disruption to the results processing schedule

- awarding organisations to assess level of disruption and consider options for issuing results in alternative format(s)
- awarding organisations and regulators liaise with relevant organisations (ie UCAS, CAO) regarding process of candidate progression to further and higher education.

10. Awarding organisations unable to issue results as planned

Criteria for implementation of plan

- awarding organisations unable to distribute electronic results due to failure of systems facilitating results delivery
- awarding organisations unable to distribute hard copy results

Recommended actions:

Where results are due to be issued electronically:

- awarding organisations to implement existing contingency plans for disruption to the issuing of results
- awarding organisations transmit results via alternative electronic formats
- awarding organisations issue hardcopy results.

Where results are due to be issued in hardcopy:

- awarding organisations to facilitate communication of results via secure web-based platforms.

11. Centres are unable to distribute results as normal or facilitate post-results services

Criteria for implementation of plan

- centres are unable to access or manage the distribution of results to candidates, or to facilitate post-results services.

Recommended actions:

Distribution of results:

- centre to make arrangements to access its results at an alternative site, in agreement with the relevant awarding organisation
- centres to make arrangements to coordinate access to post-results services from an alternative site
- centres to share facilities with other centres if this is possible, in agreement with the relevant awarding organisation.

Facilitation of post-results services:

- centre to make arrangements to make post-results requests at an alternative location
- centres to contact the relevant awarding organisation if electronic post-results requests are not possible
- awarding organisations to review the post-results deadlines

Appendix A - Summary of responsibilities in the event of disruption to examinations

JCQ is responsible for coordinating across awarding organisations, including convening the crisis management team

Regulators (Ofqual in England, Qualifications Wales in Wales and CCEA Accreditation in Northern Ireland) are responsible for sharing timely and accurate information, as required with awarding organisations, government departments and other stakeholders.

Awarding organisations are responsible for:	Examination centres are responsible for:
	Preparing plans for any disruption to exams as part of centres' general emergency planning
Ensuring centres receive examination materials for scheduled examinations	Preparing candidates for examinations
	Ensuring examinations and assessments are taken under the conditions prescribed by awarding organisations
	Ensuring, where relevant, that assessment materials and candidate work are stored under secure conditions
	Deciding whether the centre can open for examinations as scheduled and informing relevant awarding organisations if the centre is unable to open
Advising centres on possible alternative examination arrangements and declining/approving proposals for alternative examination arrangements	Exploring the opportunities for alternative arrangements if the centre cannot open for examinations and agreeing such arrangements with the awarding organisations
Evaluating and declining/approving requests for special consideration	Judging whether candidates meet the requirements for special consideration as a result of any disruption and submitting these requests to the relevant awarding organisations
	Assessing and liaising with awarding organisations in the event of disruption to the transportation of papers
Marking, moderating and grading candidate work	
Issuing results to centres on scheduled dates	The distribution of examination results to candidates
