

Working for the EU as a trainee translator

Each year the translation services of the European Union offer traineeships to graduates who want to gain professional experience as a translator. Some institutions also offer training placements for students.

Trainees are recruited from among nationals of EU Member States, and of candidate countries in the lead-up to accession. A limited number of traineeships are available to non-EU nationals.

WHAT ARE THE MAIN LANGUAGES NEEDED?

The target languages needed are all the official languages of the EU – i.e. Bulgarian, Croatian, Czech, Danish, Dutch, English, Estonian, Finnish, French, German, Greek, Hungarian, Irish, Italian, Latvian, Lithuanian, Maltese, Polish, Portuguese, Romanian, Slovak, Slovenian, Spanish and Swedish – mainly in combination with English, French or German.
